## **DETAILED ACTION**

### ***Reissue Applications***

1. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.
2. The error is not recited correctly. Specific changes to the claims must be identified and new claims difference in language need to be pointed out. Specific language to be removed from the patent claims as being unnecessary must be listed.
3. The reissue oath/declaration filed with this application is defective because it fails to contain a statement that all errors which are being corrected in the reissue application up to the time of filing of the oath/declaration arose without any deceptive intention on the part of the applicant. See 37 CFR 1.175 and MPEP § 1414.
4. Claim 1-26 and 30-34 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

The amendment filed October 3, 2003 is improper because it does not comply with Rule 1,173. In reissue application only claims being amended are to be included in the amendment. Markup copies are not need. All changes must be relative to the original patent. Applicant must submit a new amendment to replace improper amendments filed 1/3/02 and 10/3/03.
